ALISON J. NATHAN, United States District Judge:

The above-captioned case has been assigned to me for all purposes. Due to the logistical challenges of conducting a remote proceeding with multiple defendants who all require the service of an interpreter, the Court will arraign and conduct initial conferences for each defendant separately.

The parties are hereby ORDERED to meet and confer and propose a trial and motions schedule by no later than January 28, 2021.

SO ORDERED.
